Course materials, exam information, and professional development opportunities for AP teachers and coordinators.

AP Central – Education Professionals – The College Board

Advanced Placement (AP) is a program in the United States and Canada created by the College Board which offers college-level curricula and examinations to high school students. American colleges and universities may grant placement and course credit to students who obtain high scores on the examinations. The AP curriculum for each of the various subjects is created for the College Board by a ...

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.

Glossary of research economics - econterms

This book provides an issue-driven introduction to industrial organization. Over the past twenty years, the study of industrial organization—the analysis of imperfectly competitive markets—has grown from a niche area of microeconomics to a key component of economics and of related disciplines such as finance, strategy, and marketing.
